

## OPEN WATER POLICY

To keep all our Caravan Owners and their Guests safe and secure, Butlins Skyline Limited has an Open Water Policy for our Fishing Lake and Rhyne Water Moat which surrounds the Resort.

We would like to advise all our guests and owners that swimming in the fishing lake and moat is expressly forbidden.

Children should always be supervised by a responsible adult and only fishing is allowed around the lake edge.

We do not advise any owner or guest to use any watercraft on the lake but if they do so they must wear life preservers and again children must always be supervised.

Under no circumstances are inflatable craft permitted to be used on the lake.
